Director of Special Services

Vincent Daniels
Business Administrator/Board Secretary

January 20, 2022

Dear Parents/Guardians/Community Members:

Since April 2020, remote access has been available for the Tinton Falls Board of Education meetings. This has been through video conferencing software, primarily Zoom. Once in-person Board of Education meetings access reopened to the public, we decided to continue providing this feature to our community. This allows more public members to hear and see the work of the Board of Education.

In the past 22 months, we had two occurrences of individuals disrupting the meeting using profane language and video while using Zoom. "Zoom-Bombing" is something that happens but is completely unacceptable. We do not want our participants to be subjected to this level of vulgarity and apologize for the most recent disruption at the January 3rd meeting.

Starting with our next meeting, we are moving our Board of Education meetings to our YouTube Channel. We have been using YouTube to live stream our middle school games and other events. You may click on the YouTube link to view the live video. The link for the YouTube Channel will be available on our district page.

Meeting participation is available by attending the meeting in person or completing the Google Form before the BOE meeting. You can access this form on the district webpage by selecting Board of Education and Board Agendas. These comments and questions are read publicly during the board Secretary's public comment section of the meeting.

We hope that the YouTube access will continue to engage our community in work at the monthly Board of Education meetings while eliminating needless disruptions.

Sincerely,

Lisa Goldey, Ed.D.
Superintendent of Schools
