Business Administrator/Board Secretary

June 13, 2019

Dear Parent(s)/Guardian(s),

As we wind down the school year and begin the next 9 weeks of sun and fun, we must also be mindful that we do not want our children to experience the “summer slide,” which means regression of the skills and content they learned this school year. Please continue to partner with us to help the students maintain their reading and math skills by completing a reading assignment and math practice created by our teachers at each grade level. Middle school student assignments are mandatory; Students in grades 3-5 will receive extra credit for their submitted work; Students in grades K-2 will participate in a celebration in September.

Please go to the grade that your child will be entering into on September 6, 2019. Check out our [SUMMER READING 2019](#) guide right here for students entering grades K-5 for excellent book titles. Follow the links below for the specific grade level assignments.

Please contact me with any questions or concerns at any time.

Have a wonderful summer,

Sincerely,

Elizabeth Cole  
Assistant Superintendent of Instruction
