

2021 Summer Literacy and Mathematics Expectations

GRADES 3-5 in 21-22 School Year

Entering Grade	Reading and Writing	Math
3	<p>Students are encouraged to read 15 minutes or more a day. <i>The district's summer reading list is a great resource which can help you locate books your students will be interested in reading!</i> Students must complete one of the activities (see links below) for a book they read. Students should turn in their summer reading assignment to their teacher by September 15th.</p>	<p>Students are encouraged to spend 1 hour per week practicing math facts: Multiplication, Division, Addition, and Subtraction (see links below). Students should work on memorizing up to three facts at a time through traditional methods, such as flash cards.</p> <p>Printable Flash Cards</p>
4	<p>Students are encouraged to read 15 minutes or more a day. <i>The district's summer reading list is a great resource which can help you locate books your students will be interested in reading!</i> Students must complete one of the activities (see links below) for a book they read.
