Dear Parents/Guardians:

It is hard to believe that another year is coming to an end! We are in the process of planning for our next school year and we will soon be working to organize classes for the 2019-2020 school year.

Much time and personal care is put into class placement. Academic progress, previous social experiences with peers and any need for enrichment or support are carefully considered. Parents are encouraged to view a new school year as a fresh start. Please keep in mind that our teachers and administration will use our knowledge, expertise and training to make the best possible decision regarding your child’s placement. For these reasons, I ensure you that students are all placed with their very best interest at heart.

Keeping all of this in mind, if you feel there is a significant reason to avoid a particular placement, you may submit your concern and specific reason in writing to me by **Friday, May 15, 2019**. The non-request must be specifically related to circumstances experienced by your child’s sibling in the past. Please keep in mind that non-requests will be considered, but cannot be guaranteed, and requests for a specific teacher cannot be honored.

Student placement information will be available on Parent Portal during the month of August. Should you have any questions, please do not hesitate to contact the main office or your child’s classroom teacher.

Sincerely,

Jessica Black  
Principal

"TOGETHER TOWARD TOMORROW"
